INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Zola Levitt Ministries, Inc.
Dallas, Texas

We have audited the accompanying financial statements of Zola Levitt Ministries, Inc. (a nonprofit organization), which comprise the statement of financial position as of December 31, 2020, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Zola Levitt Ministries, Inc. as of December 31, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

ZOLA LEVITT MINISTRIES, INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020

Note 1. SIGNIFICANT ACCOUNTING POLICIES AND NATURE OF ACTIVITIES

Reporting Entity

Zola Levitt Ministries, Inc. (the “Organization”) is a non-profit organization organized in Texas that receives donations and gifts from the general public and performs ministerial duties in proclamation of the Christian Gospel. The Ministry is supported primarily through donor contributions, which accounts for 90% of its revenue. It was determined to be a non-profit by the Internal Revenue Service and is governed by a volunteer Board of Directors. The Organization is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code. The Organization has been classified as an entity that is not a private foundation within the meaning of section 509(a) and contributions to the Organization are tax-deductible within the limitations prescribed by law.

Organizational Mission Statement

The mission of the Organization is to proclaim the Gospel of Jesus Christ through production of a Bible teaching television program that emphasizes the Jewish roots of Christianity, the continuing significance of Israel to prophecy fulfillment, and the chosen people’s role in God’s eternal plan.

Basis of Accounting

The Organization prepares its financial statements in accordance with accounting principles generally accepted in the United States of America. Under those standards, the Organization is required to report information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions. In addition, the Organization is required to present a statement of cash flows. The Organization uses the accrual method of accounting. Under this method, revenue is recognized when earned, and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Significant estimates include allowance for uncollectible accounts receivable, depreciation, and contingencies.

Income Taxes

The Ministry is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and classified by the Internal Revenue Service as other than a private foundation. Accordingly, no provision for Federal or State income taxes has been made in the accompanying financial statements.

The Ministry owns 100% of a Subchapter S Corporation. Earnings on this investment generate unrelated business income which is subject to unrelated business income tax (UBIT). The Ministries Form 990-T, Exempt Organization Business Income Tax Return shows the subsidiary had a loss for the current year.

ZOLA LEVITT MINISTRIES, INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020

The financial accounting standards board issued guidance that requires tax effects from uncertain tax positions to be recognized in the financial statements only if the position is more likely than not to be sustained if the position were to be challenged by a taxing authority. Management has determined that there are no material uncertain tax positions that require recognition in the financial statements.

Cash and Cash Equivalents

For purposes of the statements of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. Cash and cash equivalents consist of demand deposits in banks, cash on hand, and deposits in money market accounts. Restricted Cash is donor restricted cash that has yet to be released from restriction.

Investments

Investments with readily determinable fair values are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized. The fair value of all available-for-sale marketable securities has been measured on a recurring basis using Level 1 inputs. There were no changes in valuation methodologies and related inputs used at December 31, 2020.

Fair Value Measurements

FASB ASC 820-10 regarding fair value measurements clarifies the definition of fair value for financial reporting and establishes a three-tier hierarchy as a framework for measuring fair value which requires an entity to give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements) when measuring fair value. The standard also requires additional disclosure about the use of fair value measurements. Fair value is defined as the price to sell an asset or transfer a liability between market participants as of the measurement date.

The three levels of the fair value hierarchy under this standard are as follows:

- Level 1 - Inputs are unadjusted quoted prices for identical instruments in active markets.
- Level 2 - Inputs are inputs other than quoted prices included within Level 1 that are directly or indirectly observable, such as quoted prices for similar instruments in active markets, or quoted prices for identical or similar instruments in inactive markets.
- Level 3 - Inputs are unobservable inputs in which little or no market data exists, therefore, requiring an entity to develop its own assumptions, such as valuations derived from techniques in which one or more significant value drivers are observable.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of assets and liabilities and their placement within the fair value hierarchy levels.

Property and Equipment

The Organization capitalizes property and equipment if its value is over \$5,000 and its useful life is more than one year. Lesser amounts are expensed. Purchased property and equipment is capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair market value on the date of the gift. Such donations are reported as contributions without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as contributions with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expiration of donor restrictions when the donated or acquired assets are placed in service. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time. Property and equipment are depreciated using the straight-line method over estimated useful lives ranging from five to thirty-nine years. Management annually reviews these assets to determine whether carrying values have been impaired.

Net Asset Classifications

Net Assets Without Donor Restrictions

Net assets without donor restrictions are available for use at the discretion of the Board of Directors (the Board) and/or management for general operating purposes. From time to time the Board designates a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion. For example, the Board has designated a portion of net assets without donor restrictions as a quasi-endowment (an amount to be treated by management as if it were part of the donor restricted endowment) for the purpose of securing the Organization's long-term financial viability.

See note 9 for more information on the composition of net assets without donor restrictions.

Net Assets with Donor Restrictions

Net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time, and/or purpose restrictions.

The Organization reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statement of activities as net assets released from restrictions. Contributions that are restricted by the donor are reported as increase in net assets without donor restrictions if the restrictions expire in the same fiscal year in which the contributions are recognized.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Organization to expend the income generated by the assets in accordance with the provisions of additional donor-imposed stipulations or a Board approved spending policy.

See note 10 for more information on the composition of net assets with donor restrictions.

ZOLA LEVITT MINISTRIES, INCORPORATED
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2020

Contributions

The financial statements are presented in accordance with accounting principles generally accepted in the United States of America. Under those standards, contributions received are recorded as net assets with donor restrictions or net assets without donor restrictions depending on the existence or nature of any donor restrictions.

Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Grants and other contributions of cash and other assets are reported as net assets with donor restrictions if they are received with donor stipulations that limit the use of the donated assets.

Contributed Services

The Organization generally pays for services requiring specific expertise. Other individuals volunteer their time and perform a variety of tasks that assist the Organization carrying out its fundraising and special programs, but these services do not meet the criteria for recognition as contributed services. The Organization receives less than 50 volunteer hours per year.

Functional Allocation of Expenses

For functional expense allocations, salaries and related expenses are allocated to the various programs and supporting services based on estimated time the employees spend on each function. The remaining expenses are specifically allocated whenever practical or are allocated based on salaries or space utilization.

Advertising

The Organization expenses advertising costs as incurred. Shipping and handling costs are recorded as production costs if they relate to the sale of inventory. Shipping and handling costs that relate to general operations are recorded as management and general expenses. These costs are immaterial to the financial statements as a whole.

Concentration of Credit Risk

The Organization maintains demand deposits at one bank in Texas which are secured by the Federal Deposit Insurance Corporation. At December 31, 2020 the deposits had a carrying value of \$210,536 and a bank balance of \$214,387, of this amount \$214,387 was covered by FDIC. Management does not consider this concentration to be a significant risk.

The Organization maintains a money market mutual fund account with Vanguard Financial Services. The carrying value of the account at December 31, 2020 was \$265,789. This amount is not insured. Management does not consider this to be a significant risk. It is valued at Level 1 of the fair value hierarchy as shown in note 2.

The Organization has petty cash on hand of \$108.

Note 2. FAIR VALUE MEASUREMENTS

The fair value measurements and levels within the fair value hierarchy of those measurements for the assets reported at fair value on a recurring basis at December 31, 2020 are as follows:

Investments:	Fair Value	Level 1
Short-term stocks (E-Trade)	13,264	13,264
Vanguard Federal MM Fund	265,789	265,789
Vanguard Ext. Mkt. Index	137,035	137,035

Vanguard Short Term Bond	<u>558,024</u>	<u>558,024</u>
	2,008,206	2,008,206

INVESTMENT IN EQUITY SECURITIES

The Ministry owns one-hundred percent of a subchapter S corporation. This investment in equity securities is accounted for using the cost method. The fair value of a cost method investment is not estimated if there are no identified events or changes in circumstances that may have a significant adverse effect on the fair value. The Ministry has not estimated the fair value of this investment because it is not practicable to do so and there have been no such identified events.

The value as of January 1, 2020 was \$71,188 and realized loss of \$79,561 and additional capital investment of \$25,000 was recognized during the year for a total value as of December 31, 2020 of \$16,627.

Note 3. LIQUIDITY AND AVAILABILITY OF FINANCIAL ASSETS

Note 5. INVENTORIES

Inventories are stated at the lower of cost or market. Cost is determined using the first in, first out (FIFO) method. The value of inventories using the FIFO is \$136,770. Inventories include ministerial supplies such as books, tapes, albums, and cassettes.

Note 6. RELATED PARTY TRANSACTIONS

Travel Experience International is a for profit corporation that is owned by the ministry. The purpose of the corporation is to conduct tours of the Holy Land. During 2020 the Ministry was reimbursed \$81,028 for expenses paid on behalf of Travel Experience International. These expenses consisted primarily of charges for advertising during broadcast time of the national weekly program and shared rental space.

Note 7. NET ASSETS WITHOUT DONOR RESTRICTIONS

The Organization's net assets without donor restrictions is comprised of undesignated and Board designated amounts for the following purposes at December 31, 2020:

Note 10. CONTINGENCY

The Ministry Board of Directors approved a resolution stating that in the event of the dissolution of the ministry, all full-time employees will receive one (1) week’s pay for every year of service. The amount of the contingency cannot be determined at this time, because this is a future event, and the amount cannot be estimated.

Note 11. SUBSEQUENT EVENTS

The Organization has evaluated its financial statements for subsequent events through August 23, 2021, the date the financial statements were available to be issued.

As a result of the spread of the COVID-19 coronavirus, economic uncertainties have arisen which may negatively impact contributions. While the economic disruption is currently expected to be temporary, there is considerable uncertainty around the duration. COVID-19 has caused business disruption through mandated and voluntary closings of multiple businesses. This has caused widespread unemployment throughout the United States. The potential impact of this pandemic cannot be reasonably estimated at this time. At this time, the ministry has yet to be significantly impacted by COVID-19, partly due to receiving several bequests this year.
